

## RAINBOW JEWS: THE EXHIBITION

Rainbow Jews is a unique oral history and archive project, exploring the intersection of Jewish and LGBT identities. Featuring a variety of events, we invite you to celebrate the launch of the Rainbow Jews travelling exhibition during LGBT History Month in February 2014.

Discover how the stories and experiences of LGBT Jewish people have shaped British culture from the 1950s to today. Explore the truly diverse range of Jewish voices: Ultra-Orthodox lesbians, bisexual rabbis, gay Holocaust survivors and transgender activists.

Join us for this historic event.
